Profile

Lead UX/UI Designer with 11+ years of experience designing enterprise platforms, dashboards, and digital products across web and mobile ecosystems. Experienced across the design lifecycle, from UX strategy and wireframing to high-fidelity UI design. Backed by a Technical Animation foundation, specialises in transforming legacy systems into intuitive, user-centred experiences. Combines front-end knowledge (HTML/CSS) with AI-assisted workflows to create prototypes, ensuring viable designs and streamlined developer handoff.

Key Achievements

- 15+ years of combined experience across UX/UI design, digital product design, and Technical Animation
- Led UX initiatives for audit, compliance, workforce management, and tax-focused enterprise applications
- Designed B2B dashboards, SaaS platforms, and mobile experiences for business-critical workflows

Professional Experience

Aria Technologies Private Limited | Pune, India

Lead UX/UI Designer | Feb 2015 - Present

- Led end-to-end UX strategy, wireframing, stakeholder workshops, **A/B testing**, and developer handoff across enterprise SaaS platforms for audit, compliance, workforce management, and tax operations.
- **KPMG India (Tax Navigator, Insights Edge, Internal Apps)**: Led the UX/UI design for 4 large-scale applications, including a nationwide visitor management system and a cybersecurity platform, turning complex requirements into intuitive interfaces while maintaining global brand consistency.
- **Raymond Limited (Audit Portal & Freelance App)**: Designed two distinct cross-platform solutions: an automated web-based audit tracking portal and a dual-interface mobile application, simplifying complex workflows for different user groups to streamline high-demand operations.
- **Tigress Ventures & JK Files**: Designed the UI/UX for a female-focused hiring mobile application and the corporate website for a leading engineering subsidiary.

Selected UX Case Studies

Independent UX case studies focused on enterprise usability, responsive web experiences, and user-centred information architecture.

- **CheckWise Dashboard Redesign**: Modernised a legacy internal audit platform by improving data grouping and visual hierarchy, reducing task completion time by approximately 25%.

- **AuditIQ Dashboard:** Redesigned a control management platform for enterprise audit teams by optimising layout structure, improving scan efficiency, and integrating an accountability table to track 70+ controls across multiple statuses.
- **Nomad Notes Website:** Designed a responsive travel blog experience focused on mobile usability and swipeable destination cards to improve content discoverability and reduce visual clutter.
- **MindMeld App Concept:** Created an empathy-led information architecture for an emotional well-being application, simplifying daily check-ins into a seamless 15-second user flow.

Digitales Studios | Mumbai, India

Technical Animator & Rigging Artist | May 2013 - Jan 2015

- Developed robust 3D character rigs and resolved complex technical bottlenecks in Autodesk Maya to streamline production workflows.

Visual Media Solutions Pvt. Ltd. | Chandigarh, India

3D Rigging Artist | Dec 2010 - Apr 2013

- Developed character and prop rigs for gaming projects using advanced kinematics and skinning techniques.

Technical Skills & Methodologies

- **Design & Prototyping:** Figma, Adobe XD, Balsamiq Mockups
- **UX & Product Design:** User-Centred Design (UCD), Information Architecture, Interaction Design, A/B Testing & Usability Validation, Accessibility, Responsive Design
- **Enterprise & Interface Design:** Enterprise SaaS Dashboards, B2B Interface Design, Cross-Platform Mobile UX, Visual Hierarchy, Design Systems
- **Workflow & Collaboration:** Wireframing, Rapid Prototyping, Agile Methodologies, Developer Handoff, Stakeholder Alignment
- **AI-Assisted Workflows:** Prompt Engineering, AI-Assisted Prototyping, Workflow Optimisation

Education

- **Master of Science (MSc)** in 3D Rigging | CG Mantra Digital Media, New Delhi | 2010 - 2012 | 1st Class
- **Bachelor of Science (BSc)** in Animation | St. Xavier's College, Kolkata | 2007 - 2010 | 1st Class

Licenses & Certifications

- AI Fluency Professional Series (Frameworks, Claude Workflows) | Anthropic | Issued May 2026
- Claude Code 101: AI Agents & Rapid Prototyping | Anthropic | Issued May 2026
- Be Visual! Sketching Basics for IT Business | SAP | Issued May 2021
