- **Bengali:** Mother tongue
- **English**
 - Listening: C1
 - Reading: C2
 - Spoken production: C1
 - Spoken interaction: C1
 - Writing: C1
- **Hindi**
 - Listening: C2
 - Reading: C2
 - Spoken production: C2
 - Spoken interaction: C2
 - Writing: B1

👤 About me

Lead Enterprise Product Designer with over 11 years of experience architecting B2B SaaS platforms, data-dense dashboards, and cross-platform workflows. I specialise in untangling complex business logic across audit, tax, compliance, and operational domains to create structured, highly usable enterprise products.

Rather than designing isolated interfaces, I focus on consolidating fragmented legacy workflows into unified systems that operations teams can rely on to make faster decisions.

Backed by hands-on front-end awareness (HTML/CSS), I bridge UX strategy and implementation realities, ensuring solutions remain both user-centred and technically feasible to ship. I am currently open to international relocation, specifically targeting senior design opportunities within the European enterprise software market.

💼 Work experience

Lead UI/UX Designer

01/02/2021 – Current

– Aria Technologies Private Limited | Pune, India

- Directing product architecture across enterprise SaaS platforms supporting audit, governance, compliance, workforce management, and operational workflow systems.
- Led and mentored a cross-functional team of 7 professionals across multiple enterprise product initiatives, driving delivery planning, design quality, and implementation readiness.
- Directed UX strategy and product design for enterprise platforms serving major clients including KPMG, Raymond Limited, and the Retailers Association of India (RAI).
- Established scalable enterprise design systems, building strict WCAG standards into component libraries to drive rapid, consistent delivery.
- Created and maintained design system documentation to align designers and developers, translating complex operational requirements into scalable components for pixel-perfect handoffs.

Senior UI/UX Designer

01/02/2018 – 31/01/2021

– Aria Technologies Private Limited | Pune, India

- Led end-to-end UX initiatives for enterprise and client-facing applications across audit, governance, and operational domains.
- Architected workflow-driven platforms, operational dashboards, and data-heavy interfaces for complex web and mobile products.
- Conducted user research, usability evaluation, product validation, and A/B testing activities to back design decisions with data.

- Collaborated deeply with business stakeholders and developers to define technical requirements and deliver scalable user experiences.
- Contributed to information architecture and design systems across multiple high-density enterprise products.

UI/UX Designer

05/02/2015 – 31/01/2018

– Aria Technologies Private Limited | Pune, India

- Designed responsive web and mobile interfaces for enterprise and public-facing digital products.
- Produced wireframes, user flows, prototypes, and high-fidelity visual designs across multiple client projects.
- Supported information architecture, interaction design, usability improvements, and front-end implementation feasibility.
- Worked closely with senior designers and developers to deliver consistent user experiences across platforms.
- Contributed to enterprise dashboards, workflow systems, and operational products within regulated business environments.

Technical Animator

06/05/2013 – 24/01/2015

– Digitales Studios | Mumbai, India

- Developed robust 3D character rigs for animated television series and feature films while supporting technical workflow optimisation within Autodesk Maya.

3D Rigging Artist

05/12/2011 – 30/04/2013

– Visual Media Solutions Pvt. Ltd. | Chandigarh, India

- Developed character and prop rigs for gaming projects using advanced kinematics and skinning techniques.

Education & Training

Master of Science (M.Sc.) Multimedia

03/06/2010 – 18/07/2012

CG Mantra Digital Media Pvt. Ltd. | New Delhi, India

- Grade: 1st Class
- Specialised in 3D rigging, animation production, and technical problem-solving workflows.
- Key skills: Rigging, Autodesk Maya.

Level in EQF: 7

Bachelor of Science (B.Sc.), Animation

09/07/2007 – 22/04/2010

St. Xavier's College (Autonomous) | Kolkata, India

- Grade: 1st Class
- Studied animation, visual storytelling, interaction principles, and digital media production.
- Key skills: Autodesk Maya, After Effects.

Level in EQF: 6
